CURRENCY COUNTING MACHINE

SWIFT TURBO

CURRENCY COUNTING MACHINE

Godrej Security Solutions presents *Swift TURBO*, a currency note counter designed for heavy duty applications and packed with a host of user-friendly features. A state of the art product, it can not only count crisp new notes, but also soiled old ones. All this with a high degree of accuracy and speed. This eliminates the time and inconvenience of manual counting.

Salient Features

Dual LED display i.e. batch size and counting number - One can see the batch size as well as the current counting at the same time.

Sophisticated diagnostics helps to rectify faults and error within the machine.

Feather touch keypad - Makes entering/operating the system effortless.

Unique cut off system which stops the machine during voltage fluctuations and prevents it from major damage.

Unique dust removing system - To enhance the counting accuracy.

FLOOR

Additional display unit can be purchased for customer convenience.

Machine can be operated on two different modes, auto or manual.

Options available are:

Free Mode - Enables counting of all the notes placed in stacker.

Batch Mode - Enables counting in batches.

Check Mode - Enables checking numbers as per the pre set value.

Stamp Mode - Stamps OK after checking.
